

## Get Your Home Ready for Spring with Our Comprehensive Maintenance Checklist

Spring is a great time to perform maintenance tasks on your home, both inside and out. A spring maintenance checklist is a useful tool to ensure that your home is in good condition and ready for the warmer months ahead. This checklist includes important tasks such as inspecting your roof, cleaning gutters, checking your air conditioning unit, testing smoke and carbon monoxide detectors, and checking for any water leaks. It's important to tackle these tasks early in the season to avoid any potential problems down the line. By following this spring maintenance checklist, you'll be able to identify and address any issues before they turn into bigger, more expensive problems. Whether you're a seasoned homeowner or a first-time buyer, this checklist will help you keep your home in top shape all season long. So, get your tools ready and let's get started on your spring maintenance to-do list!

- Wash Windows & Siding
- Replace HVAC Filter
- Check Attic and Basement for Leaks
- Inspect Roof and Chimney
- Pump Septic Tank
- Clean Gutters and Downspouts
- Inspect Driveway for Cracks
